Auch is PRIDE Employee of the Month for March

Mary Auch, registered dietician was selected as the Sanford Vermillion March 2011 PRIDE Employee of the Month.

She has been employed here since 1990.

"Mary's polished presentation to the Pre-Diabetes group on Jan. 25 was beyond impressive. Her vast knowledge of the subject matter, preparation, and delivery of the information was the BEST I have ever witnessed. Mary's stellar teaching skills and experience in dietary matters expanding many problems and diseases make her an outstanding asset to Sanford Hospital Vermillion and the entire community."

"Mary's knowledge and experience has helped many people in our community. She has always demonstrated dedication to her patients and to her profession. We are very fortunate to have such a skilled dietician within our organization," said Barb Kingsbury, nutrition services manager.

Mary (Rea) is a native of Oak Park, IL. She and her husband, Duane, have four children Jonathan (21), Matthew (19), Julia (17) and Peter (13). The Auchs reside in Centerville.

VHS team takes second place at ProStart Coompetition

Teams of students from the Sioux Falls Career and Technical Education Academy took top honors at the 4th Annual South Dakota ProStart Competition, held at Mitchell Technical Institute on March 22. The students will travel to Overland Park, Kansas April 29-May 1 to participate in the National ProStart Invitational, sponsored by the National Restaurant Association Educational Foundation.

A Vermillion High School team took second place in the Management portion of the competition.

Teams from Britton-Hecla, Huron, Lake Area Multi-District in Watertown, McIntosh, Mitchell, Sioux Falls CTE Academy and Vermillion participated in the ProStart Competition, which tested students on culinary and business management knowledge and skills. The teams were judged by chefs, hospitality industry professionals, and foodservice instructors and suppliers.

ProStart is a high school business management curriculum created by the National Restaurant Association Educational Foundation. Through the program, high school students learn business math, nutrition, workplace safety, cooking skills, customer service, cost planning, labor costs, inventory control, and other business basics. South Dakota is one of 47 states and territories which offer the ProStart curriculum to high schools.

At the competition, students are tested on the skills they have learned in class. The competition is composed of two main areas: culinary and management. In the culinary competition, each team demonstrated their creative abilities through the preparation of a three course meal. The teams are limited on the time they may spend on the meal preparation, and they

had to follow strict rules on preparation and cleanup. The teams were judged on work skills, safety, sanitation, knife skills, presentation, menu, and product taste.

During the management portion of the competition, the teams demonstrated their business planning and communication skills by developing a plan for a restaurant, including the restaurant concept, facility design, staffing, menu, pricing and marketing. The plan was presented to a team of judges through a written plan, visual display and verbal presentation. The teams also demonstrated critical thinking skills by answering questions posed by the judges.
