# Garden Line season set to start April 26

**BROOKINGS** — Garden Line, South Dakota's only show that delivers science-based information on trees, plants and lawns, returns to air on April 26.

The South Dakota Cooperative Extension Service produces this Tuesday night television program on the South Dakota State University campus. At a time when more folks are turning to gardening as a way to save money on groceries and as an enjoyable pastime, it's a sure sign of spring when the show comes back to South Dakota Public Television.

What makes the show truly interactive is its toll-free telephone service for viewers. Anyone with issues in their irises or fairy rings in their lawn can get free, top-notch expertise with a simple phone call.

Extension experts in plant pathology, forestry, weeds and horticulture will field those calls and get people answers.

The show's producer, Lowell Haag, said the entire Garden Line team is excited to get back to work.

"Garden Line will have opportunities for

viewers to get involved, from calling or e-mailing their questions to our experts to submitting their photos of problems in the garden or lawn," Haag said. "We will continue to strengthen Extension's ties to South Dakota's citizens."

Garden Line airs Tuesday at 7 p.m. on South Dakota Public Television.

The South Dakota Cooperative Extension Service produces the show, and faculty and Extension staffers who work all across South Dakota provide their expertise on gardening, plants, trees and lawn care.

Viewers can call 866-595-SDSU (7378) during the show to ask their questions. Garden Line will continue its popular "Gardening Tip" weekly segments as well as the roundtable of current, important topics.

Garden Line programs will continue through the summer until the season finale on Sept. 6.

Learn more about the show at its website at this link: <http://gardenline.sdstate.edu/>.

Or send ideas for topics, or your questions, to the "Ask Garden Line" e-mail address: [SDSU\\_Garden\\_Line@sdstate.edu](mailto:SDSU_Garden_Line@sdstate.edu).

# First Dakota Shred Day set for April 25

Identity theft continues to be one of the fastest growing crimes in the United States. It is ranked as one of the top consumer concerns for the past several years. First Dakota National Bank wants to help by giving you the opportunity to shred any personal information free of charge.

Bring your paper documents containing personal identifiers to First Dakota National Bank, 111 Court Street in Vermillion on April 25, between 12:30-1:30

p.m. A representative from First Dakota will be on hand to assist you.

Remember, when you throw something in the trash, it is available to anyone willing to overlook the disgusting smells and textures of your trash. So a good rule of thumb to follow is anything that has a signature, account number, social security number or medical and legal information should be shredded.

Here are a few more suggestions: address labels

from junk mail and magazines, ATM receipts, bank statements, copies of birth certificates, canceled and voided checks, credit card bills, investment documents, employee pay stubs, employment records, college IDs, pre-approved credit card applications, receipts with checking account numbers, report cards, resume's, tax forms, used airline tickets and utility bills.

# Vermillion students win S.D. state finals of Ford/AAA Student Auto Skills

Two Vermillion High School students were crowned South Dakota's top high school auto technicians after winning the Ford/AAA Student Auto Skills State Finals on April 14. Ben Kozak and Joey Muller led by their instructor Mark Pier, will represent South Dakota in the National Finals against teams from all 50 states. They will compete for additional scholarship dollars and the chance to kick start their automotive careers with a job shadow experience with premier racing team Roush Fenway Racing.

Through an online exam earlier this year, the Vermillion High School students beat out numerous other South Dakota teams to become one of six pairs of students whose high scores qualified them to advance to the State Finals. At the April 14 State Finals, held at the Southeast Technical Institute in Sioux Falls, the students represented their school in a race to correctly diagnosis and repair intentionally installed "bugs" on vehicles. Each pair was judged on speed, accuracy and workmanship.

Ben Kozak and Joey Muller and their instructor will travel

Pictured are Mark Pier, Joey Mueller, and Ben Kozak.

to Dearborn, MI, to compete in the Ford/AAA Student Auto Skills National Finals, June 12-14. During the National Finals, pairs of students representing all 50 states will compete in a written test of their automotive knowledge and a hands-on competition, similar to the April 14th State Finals, held on the front lawn of Ford World Headquarters.

Nearly \$12 million in schol-

arships are available at the state and national level from Ford/AAA Student Auto Skills. Many of the students competing in April 14 South Dakota finals received a share of the scholarships available. Other teams competing in the finals included Hub Area Technology School in Aberdeen, East Central Multi District School in Brookings, Mitchell High School, Sioux Falls CTE

Academy, and Sturgis High School.

Both the national and the state-wide competitions are organized with the support of Ford personnel, local automotive instructors and AAA's Approved Auto Repair program, a public service AAA performs to identify quality repair facilities throughout the country.
