The City of Vermillion seeks stakeholder input for 2035 Comprehensive Plan: In September 2013 the Vermillion Planning Commission began the process to update Vermillion's Comprehensive Plan. The Comprehensive Plan is a significant land use policy document that creates a road map for the future development and growth of Vermillion. The Planning Commission will be holding a series of meetings in the coming weeks and would like to invite citizens and community stakeholders to be a part of the discussion.

Focusing primarily on land uses, the Comprehensive Plan will provide a long-term vision for the community and the steps that need to be taken in order to accomplish that

vision. An adopted comprehensive plan is a key tool used by the City Council, Planning Commission, and other policy bodies to make decisions regarding land use, facility needs, amenities, public services, economic development and many other projects requiring public and private investment. Public input is welcome and citizens are encouraged to attend. Anyone unable to attend may submit written comments to City Hall, 25 Center St.
