## Library recognized as exemplary

Eleven South Dakota public libraries were accredited by the South Dakota State Library in 2013, under a tiered accreditation system. The libraries were honored at a recent ceremony before lawmakers, colleagues and patrons at Rawlins Municipal Library in Pierre.

Among the accredited libraries is the Edith B. Siegrist Vermillion Public Library, which received an Exemplary recognition. Public libraries are accredited at one of three levels: Essential, Enhanced or Exemplary. Accreditation at the

Essential level means a library satisfactorily provides the basic services required by state law and federal guidelines. Subsequent levels of accreditation build on previous levels. Exemplary status recognizes the highest level of service. Accreditation is valid for three years.

Libraries are evaluated in the following areas, as outlined in South Dakota Public Library standards: governance, administration, access, collections and resources, funding, staffing, technology and public relations.
