

# Feel good about your next home appliance purchase

Murph's Appliance wants you to feel good about your next home appliance purchase. You are invited to experience the Murph's Appliance full service difference. It all starts with the appliance sale. We truly believe an educated consumer makes the best choice for their lifestyle. Our team at Murph's won't sell you just any appliance; we listen to your needs and share our knowledge and advice. You won't find high-pressure sales here.

Home appliance technology is ever changing. To ensure the best fit for your family and lifestyle we answer AND ask questions. How do you determine if a high efficiency

washing machine is the right fit for your family? Are you trying to coordinate with existing appliances? Do you have space restrictions? How does the new self-cleaning system in ranges work? What about warranties? We don't want you spending extra money on features you won't use and we don't want to sell you an inadequate appliance for your specific needs. Home appliances need to do more than look pretty, they

*To ensure the best fit for your family and lifestyle we answer AND ask questions.*

have a job to do. We make sure our customers get exactly what they want and need!

At Murph's Appliance we make the switch to your new appliance easy. We offer free local delivery and set up of your new appliances, and free removal and disposal of your old ones if necessary.

Our team takes pride in service after the sale. Murph's provides service on every appliance we sell. If your machine breaks down, we are only a call away!

Owned and operated by

the Murphy family, Murph's is in its 16th year of business helping customers with their appliance needs. Murph's Appliance offers the full line of Whirlpool, Maytag, Kitchen Aid, and Amana appliances. We also invite you to check out our selection of pre-owned appliances. Our service department stocks a large assortment of parts and can order others for those DIY repairs.

Visit our downtown Vermillion showroom with more than 100 appliances on display; you will definitely see the difference in shopping local, at Murph's Appliance!

■ Editorial provided by Murph's Appliance

Whirlpool® kitchen collections redefine appliance design by balancing exciting modern signatures against the dramatic beauty of classic finishes. These alluring cues of metal bring appliances to a new level of sophistication and are now available in Black Ice, White Ice and Stainless Steel to create a premium kitchen experience.
