

The Big Block Advantage

Why the Monster Block Retaining Wall Systems?

1. Faster

With their Five Decker Block you can install 40 square foot of wall in seconds!!

2. Stronger

These massive blocks are made of solid concrete and have the strength to hold back most any type of soil.

3. Easy to Install

No more back breaking work. Use your skid steer or backhoe or we can provide the correct equipment for the job.

4. Cost Effective

Their system requires less excavation & backfill which means more money in your pocket.

5. Straight or Curved Walls

With their unique block design you can make a curved wall with up to an 18 foot radius or a straight wall with the same block.

6. Corner Walls

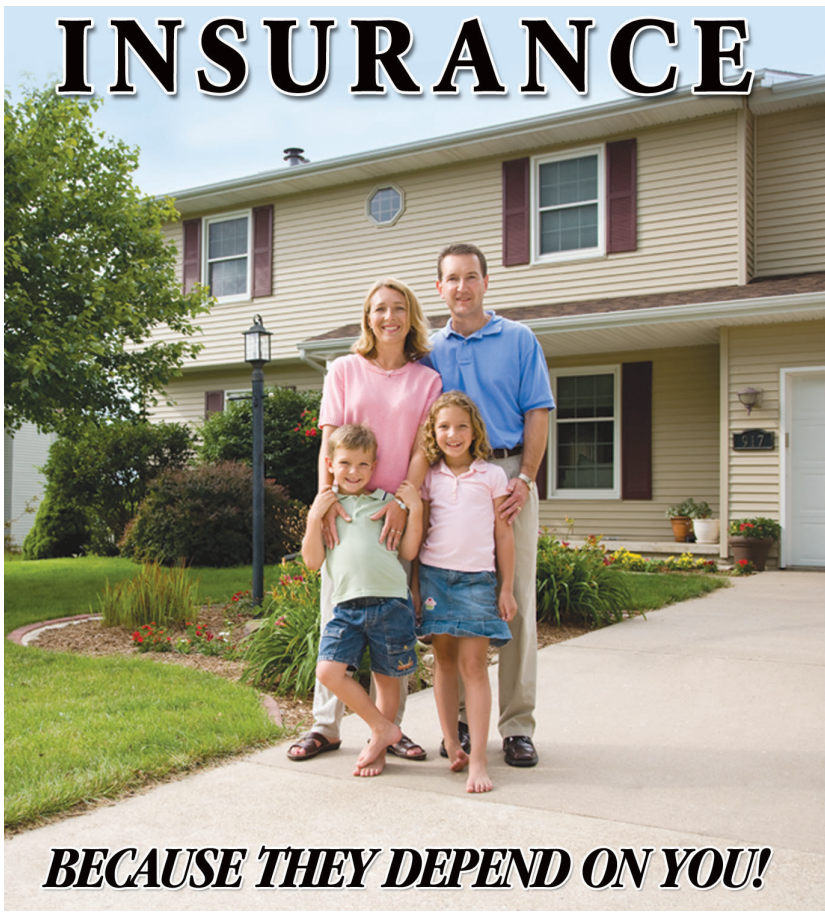

Allows for a 90 degree corner.

7. Top Cap Blocks

These blocks allow you to cover most of the top of the block with soil and provides a small concrete border.
