**ATTENTION!**  
**Vermillion Wastewater Utility Users**

Due to the excess rains we have been receiving, we want to remind everyone that your sump pump must be discharged outside, away from your home or business. This water must be discharged outside so that the storm water system can receive it. When discharged into the sanitary sewer system, these waters may overload your sanitary sewer, the City's sanitary sewer systems and the Wastewater Treatment facility; all of these can lead to costly sanitary sewer back-ups or sanitary sewer overflows. Your cooperation with this is greatly appreciated. If you have any questions, please call the Wastewater Facility at 605-677-7077 and we would be happy to assist you.

Remember, City Ordinance 53.015(E) I reads:

No person(s) shall discharge or cause to be discharged any unpolluted waters such as storm water, surface water, ground-water, roof runoff, subsurface drainage, or cooling water to any sanitary sewer. Failure to do so may bring a penalty of up to \$100 a day for non-compliance.

Check out our web site at [www.vermillion.us](http://www.vermillion.us)
