

# Gov. seeks disaster declaration for late-June storms

Gov. Dennis Daugaard has requested a Presidential Disaster Declaration to help South Dakota recover from a late-June weather pattern that produced strong straight-line winds, severe storms, tornadoes and flooding. The request is for public assistance in seven counties. Preliminary assessments show that the series of storms from June 19 through 29 caused damage to public property estimated at more than \$1.7 million.

The damage occurred in Beadle, Codington, Deuel, Grant, Hamlin, Hughes and Kingsbury counties.

In a letter to President Obama, Daugaard said the slow-moving storm system produced four tornadoes, 90-mph, hurricane-force winds and heavy rainfall that washed out roads and culverts and caused rivers to rise above flood stage in several places.

"Tragically as a result, one life was lost and one member of this family was significantly injured when the hurricane-force winds tore through a small community around Lake Poinsett in Hamlin County," the governor said. "These hurricane-force winds also destroyed four homes and significantly damaged another eight homes."

The heavy rain and flooding made roads

impassable for emergency responders and citizens in the rural areas. The damaged roads caused a significant impact to the agricultural economy because farmers were trying to cultivate crops and transport last year's crops to markets. The storm also caused damage at the State Fairgrounds in Huron.

Daugaard reminded the President that South Dakota is still recovering from a record seven presidentially declared disasters in 2010 and the devastating 2011 Missouri River flooding, as well as an April 2013 ice and snow storm and a severe weather pattern late in May of this year. Both the April and May storm systems resulted in presidential disaster declarations.

The request is a necessary step for federal disaster funds to be made available to South Dakota. If the President grants the declaration, up to 75 percent of eligible costs could be reimbursed by the federal government. The request does not guarantee federal funding will be made available to South Dakota.

The Federal Emergency Management Agency participated last week in the preliminary damage assessments.

# VHS Dance Inferno named 'Leader of the Pack'

The 2013-14 Vermillion High School dance team "Dance Inferno" was selected by the other participating schools to be the recipient of the "Leader of the Pack" award at the 2013 USD Dance Camp, which was held June 19-21.

According to Katie Starzl, co-captain of the U. Dance, "The Leader of the Pack is voted for by all the teams at camp. They vote on which team is the most influential, positive, and hard-working. The team that receives this award, in this case Vermillion, should feel very honored because they are chosen by their peers."

The USD Dance Team hosted this tri-state camp as a fundraiser for their upcoming April 2014 trip to the national collegiate competition in Daytona, FL.

Members of the Vermillion High School dance team include (front) Teddi Settles, Alexa Mockler, Koutney Seibel, and (back) Hailey Freidel, Shantel French, Autumn Barnett, Kylee Retzlaff, and Kaitlin Abbott. Not pictured are Jessie Brady, Cheyenne Mallory, Ruth Murphy, Sowmya Ragothaman.

(Submitted photo)

Sessions were offered on dance technique and performance routines.

Some members of VHS Dance Inferno also attended the "Just for Kicks" high

school dance camp in Storm Lake, IA, during the first week of July.
