2010 Legal and Public Notices

The special session of the City Council, City of Vermillion, South Dakota was held on Monday, July 7, 2014 at 12:00 noon at the City Hall large conference room.

1. Roll Call

Present: Collier-Wise, Grayson, Meins, Ward, Willson, Zimmerman, Mayor Powell

Absent: Davies, Osborne

2. Informational Session-Hike/bike trail project update-Jason Anderson

Jim Goblirsch, Director of Parks and Recreation, reported that the flood of 2011 caused some shifting of the Vermillion River bank that damaged some of the bike path that runs along the river. In 2013, the City Council reviewed options on the east section, center section and west section with the direction to move forward with rerouting the east section to allow for the east portion to be reopened. The survey of the east new route was completed in the fall of 2013 and the Engineering Department has completed the plans and specifications with a bid opening date set. Following the last heavy rains when the river went down, more bank has eroded into the river where the new proposed path meets the existing path, placing the path within four feet of the river. Jim stated that the engineers have looked at three other options for the bike path in this area noting that in each case there will be trees that need to be removed and in some cases a lot of grading and fill. Jim provided a map of the area that included options A, B, C and D. Jim reviewed each option noting that option A is the current plan and specifications that are ready for bid that was estimated at \$45,000. He noted that option B & C are estimated at \$60,000 to \$70,000 with option D being \$80,000 to \$95,000. Jason Anderson, Assistant City Engineer, stated that option B to D will require a property survey that could be done this fall when the foliage is gone at an estimated cost of \$5,000. Discussion followed with the consensus to not proceed with bidding option A and obtain a survey this fall on the other options to assist in refining the cost estimates.
