3. Educational Session – Overview of Draft Annexation Policy and Future Growth Map – Andy Colvin

Andy Colvin, Assistant to the City Manager, reported that the Planning Commission is moving forward with a revision to the existing Comprehensive Plan instead of an update. One item that was discussed was the development of an annexation policy to provide for the orderly growth of the city. Andy noted that the Comprehensive Plan will include designation of growth areas that, as the city grows, may need to be annexed, thus now would be a good time to develop and adopt an annexation policy. Andy reviewed the draft annexation policy that the Planning Commission will be considering for the Comprehensive Plan and reviewed the growth areas that the city could serve with the current sewer and storm sewer systems. Andy requested input from the City Council on the draft policy. Discussion followed noting that the Planning Commission will be having public hearings as they proceed with the Comprehensive Plan.
