## Uncle Sam Wants You ... to Buy Efficient Appliances

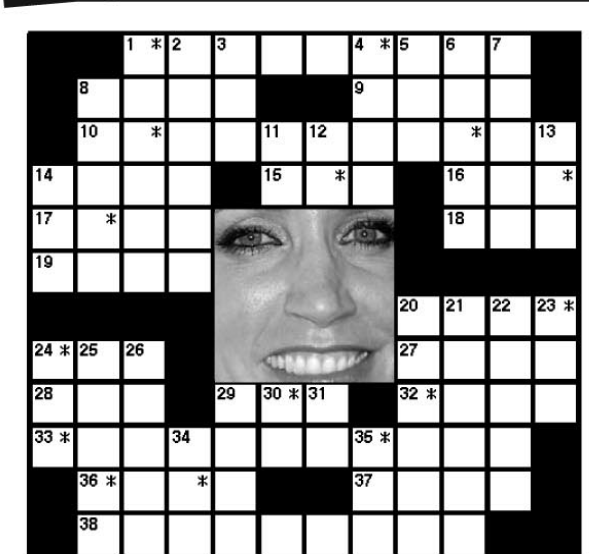

Uncle Sam could put up to \$1,500 back in your pocket when you buy energy-efficient windows, insulation or a new roof by the end of 2010. The bonus comes in the form of a tax credit, good for 30 percent off the price of windows, doors and skylights; metal or asphalt roofs (other kinds don't qualify); insulation; electric heat-pump water heaters; gas, oil or propane water heaters; air conditioning and heating systems; and biomass stoves. To qualify for the tax credit, the product has to meet strict energy-efficiency criteria, which you can find by visiting the federal government's Energy Star Web site ([www.energystar.gov](http://www.energystar.gov)).
