NOTICE
THE ANNUAL SPRING LOAD LIMITS will go into effect in the near future on Clay County roads. Limits will be enforced as posted. We ask for your cooperation at this critical time of the year. Studies show that roads lose over 60 % of their strength during the spring thaw. Research by the South Dakota D.O.T. claims road damage by one legally loaded truck causes as much damage as 9,600 cars. One truck with 20% overload causes as much damage as 19,200 cars. You can be assured, we will not have the load restrictions in effect any longer than necessary to protect the large investment you have in your County Highway System.
There will be no over-width or over-weight permits issued during this period.
