

# Congratulations

## Vermillion

### "Life is Now Sweet on Cherry Street"

The following businesses thank and congratulate the community on an infrastructure upgrade to enhance development and growth for future years. We wish to thank the Chamber of Commerce for their coordination of the business community, Hy-Vee for their gracious hospitality and hosting our weekly meetings, and the Plain Talk for their weekly updates. Congratulations and thank you to the City of Vermillion and the University of South Dakota for your patience during this two year reconstruction project.
