NOTICE

The City of Vermillion restricts street excavations during the winter except for emergency repair work. Our experience has shown that excavations in the winter cannot be properly filled in due to the problems in compacting frozen dirt and the inability during winter weather to resurface the cut. With wet spring weather, this problem continues until surfacing is finally possible. The settling that occurs creates a hazard to the traveling public. Consequently, we have set deadlines for completion of work in progress and after which no excavations will be allowed unless an emergency exists.

These deadlines are;

October 15th - For Cutting Asphalt or Concrete Streets

November 1st - For excavation on gravel streets

November 15th - For dirt streets or grass areas

Anytime when frost is over 4"
