

2010 Legal and Public Notices

side of 306 St. on behalf of Tim Gregoire. Mockler moved, seconded by Kephart and carried to approve the application.

Polley presented a map on behalf of Dick Nissen regarding proposed plans to straighten out a portion of the old river channel and removal of a box culvert in Section 1, Spirit Mound Township on 464 Ave. _ mile south of 309 St. It was discussed that Nissen would need to contact the Corp. of Engineers as it is likely not the County's jurisdiction due to the culvert being labeled by the Corp. of Engineers. Powell moved, seconded by Mockler and carried to tell Nissen that the County does not object to the project, but he will need to get the proper permission from the Corp. of Engineers.

Polley discussed repairs to the Loop Road. It was reported by Clark Engineering Corporation that GeoTek Engineering and Testing Services Inc. took 8 core samples. The recommendation was to take the top 2 feet off and placing Geotextile Fabric under the road. The cost was estimated at \$729,900. This would involve approximately 1.5 miles from the BNSF Railroad Tracks south to 321 St. Polley discussed the option of returning the road to gravel and treating it with a special method for high traffic areas. It would be a savings of approximately \$300,000. The Loop Road is one of the county's higher traffic roads. However, the County is lacking funds for the repairs. It was discussed that an opt-out might be an option for repairing the entire Loop Road. Powell said residents report that the break-ups are occurring in the same places as when it was a gravel road, so it's possible that it does not all need to be repaired. The Board discussed that any construction would not happen this year, giving time to make decisions and have any necessary public hearings. It was decided that an opt-out or wheel tax should be placed on the agenda for the next meeting.

At 9:15 a.m., a Public Hearing was held for Second Reading on the Subdivision Ordinance. Toby Brown, Southeast Council of Governments, was present for the hearing. Brown reported that it would streamline the process for any new developments coming into the County's jurisdiction in the future. Powel moved, seconded by Mockler and carried to approve the Subdivision Ordinance with recommended changes in place.

At 9:29 a.m., Powell moved, seconded by Mockler and carried to adjourn and convene as Ditch board.

At 9:30 a.m., the time and place set for bid opening for Clay Creek Ditch Cleanout Project Phase 2, bids were opened and read aloud. Pete Johnson, Johnson Engineering, was present. One bid was received from Pollman Excavating. The base bid for 3 miles was \$62,670 with a base bid plus alternate of 1 additional mile at \$79,300 with 10% bid bond. Powell moved, seconded by Packard and carried to accept base bid plus alternate from Pollman Excavating.

Plans for bidding Phase 3 were discussed. Johnson expressed concern that the aerial photos would not be updated until November 2015. It was the decided that it would be wise to wait until the aerial photos have been updated and to let the funds build up in the meantime.

At 9:42 a.m., Powell moved, seconded by Packard and carried to adjourn and reconvene as Board of County Commissioners.

Jim Wilson, William Ranney, Clay County Historic Preservation Commission, and Cindy Chaney met with the Board to discuss abandoned cemetery maintenance. Wilson discussed that the CCHPC would like to be tenuously connected to the cemetery committee if it is formed. It was reported that Ranney, Chaney, and possibly Nancy Carlsen would be interested. The committee would be a tool for bringing recommendations to the Commissioners regarding abandoned cemetery concerns. Powell reported that preliminary discussions with 4-H indicate there might be interest in helping with mowing, and if there were tree issues the Highway Department may be of assistance. Wilson reported that Carlsen said there are 4 abandoned cemeteries within the county, and there may be a few more that are neglected. Packard moved, seconded by Powell and carried to form an abandoned cemetery committee of a maximum of 4 members who would report as needed to CCHPC.

The Veterans/Welfare/Zoning Monthly Reports were accepted and placed on file.

The following Auditor's Account with the County Treasurer for the Month of August was accepted

2010 Legal and Public Notices

and placed on file.

AUDITOR'S ACCOUNT WITH THE COUNTY TREASURER

Vermillion School District 13-1 Notice of Request for Qualifications

Pursuant to SDCL 5-18B-29, the Vermillion School District seeks to pre-qualify interested and qualified design-builders for the following project:

Implementation of Energy Conserving Measures and Facility Improvements at Vermillion School District Facilities

The objective of Vermillion School District is to pre-qualify design-build firms to provide complete design-build proposals for the implementation of the following energy improvements: (1) lighting and electrical systems upgrades; (2) HVAC system improvements; (3) environmental control upgrades; and (4) system wide energy conservation measures. The budget limit for the proposed contract is \$3,500,000.

Interested providers shall be capable of providing Vermillion School District a comprehensive energy services and improvement program, which shall include (a) design and installation of energy efficient equipment ans systems, (b) maintenance of HVAC mechanical equipment and installed systems, (c) monitoring of energy costs, and (d) other dynamic system improvements.

All design-build firms seeking prequalifications must submit a Statement of Qualifications as set forth in the Request for Qualifications. The Request for Qualifications may be obtained from Dr. Mark Froke, Vermillion School District Superintendent, phone 605-677-7000.

All Statements of Qualifications are due at Vermillion School District's Business Office, 17 Prospect Street, Vermillion, South Dakota 57069, on October 6, 2014, at 3:00 p.m. Statements received after the deadline will be returned unopened and will not be considered.

Vermillion School District 13-1 reserves the right to reject any and all proposals.

Published twice at the approximate cost of \$43.49.

USD Dental Hygiene chair elected to serve national organizations

Ann Brunick, MS, Dental Hygiene, chairperson and professor at the University of South Dakota School of Dental Hygiene, was elected to the Administrative Board of the American Dental Education Association's Council of Allied Dental Program Directors. The American Dental Education Association (ADEA) is the voice of dental education representing more than 19,000 students, faculty, staff, and administrators from U.S. and Canadian dental schools, allied and advanced dental education programs, and corporations working in oral health education. The Council of Allied Dental Program Directors represents 278 dental assisting programs, 335 dental hygiene programs, and 19 dental laboratory technology programs, all of whom are approved by the Commission on Dental Accreditation. Brunick also received a national appointment from the American Dental Hygienists' Association to be one of eight

members of a joint ADHA/ADEA Curriculum Change and Innovation workgroup to address the future of dental hygiene education. "I am very honored to be part of this administrative council that represents allied dental education as well as being part of the initiative to transform dental hygiene education through the ADHA/ADEA CCI workgroup," said Brunick. "The role of a dental hygienist in the changing face of healthcare is becoming increasingly more important. I'm excited to be involved in these leadership roles." "We are very fortunate to have a national leader and scholar chairing the USD Dental Hygiene program," said Michael Lawler, Ph.D., M.S.W., dean of the University of South Dakota School of Health Sciences. "Professor Brunick is widely respected in her profession and by her peers from other disciplines in health and human services."
