### Two Join USD Foundation Staff

The University of South Dakota Foundation has added two new staff members to its Constituent Engagement team. Heidi Schemmel who has a BA in marketing from the University of Wisconsin Eau Claire, is associate director of constituent relations. She previously worked in market research and most recently as a donor relations specialist for the Sanford Health Foundation.

Leslie Gerrish is associate director of constituent engagement. She leads the event management initiatives and other donor engagement efforts. Her undergraduate degree was granted by Purdue University; her master's degree in fundraising and nonprofit management by Indiana University. Gerrish most recently served as an account manager for Wellington, a Kansas City-based event firm, for which she planned and executed events in this country and internationally.

The mission of the University of South Dakota Foundation is to provide private resources for the University of South Dakota, to increase the excellence of students' educational experience.

### Vegetable Seed Donations For School Gardens

BROOKINGS, S.D. - SDSU Extension seeks seed donations to assist school and other teaching garden. Twenty-nine school and youth garden programs across the state each received 20 seed packets from this effort in 2015.

The donated seeds are intended only for newly starting and established gardens that offer an educational program.

Eligible projects include gardens for schools, learning centers, daycares, 4-H clubs or other non-profit group in South Dakota, where the produce will be used as part of the program or freely shared with those of need. Qualified projects must include an educational component.

Unopened seed packets with varieties that are appropriate to South Dakota are requested. Vegetable seeds are highest priority, but flower seeds will also be accepted. Certified seed potatoes and onion sets or transplants would also be welcomed in the spring.

Ideally, seeds would have been stored in cool, dark conditions where they were not exposed to moisture or temperature extremes or are purchased new for the 2016 growing season. Please consider the age of the seeds when donating. Older seeds have reduced germination rates so please only donate seeds packaged for 2015 or 2016.

Please consider donating to educational garden programs across the state. Deliver or mail seed donations to SDSU Extension Regional Center in Sioux Falls, 2001 E. 8th St., Sioux Falls, SD 57103. Attn: Chris Zdorovtsov.

Applications for donated seed open January 2016

If you are interested in receiving donated seeds, please call the SDSU Extension Regional Center in Sioux Falls in January for an application. An application notice will also be sent on the SDSU Youth Gardening LISTSERV in January.
